Wedding Reception

Wedding receptions are an elegant affair, a party of celebration and love.

For this type of event you don't want just anyone handling this special day, you really need to engage a professional DJ who will cater for your event with great music, lighting and a fun and celebratory atmosphere.

For the wedding reception the Bride and Groom need to choose the songs for their special part of the evening, and with Cwazy DJ the list is endless for the varying amount of songs we have to choose from.

The music to choose for your special evening are:

- Arrival of the Bride and Groom
- Cutting of the cake
- The Bridal Waltz
- Speech Intro (optional)
- The Garter Game (optional)
- Throwing of the Bouquet (optional)
- Leaving of the Bride and Groom

We also divide the evening up to accomodate the music:

Intro Music (the arrival of the guests - Bride and Groom haven't arrived as yet)

Dinner Music (the music follows "The arrival of the Bride and Groom" song)

Dance Music (follows "The Bridal Waltz)

The Bride and Groom can choose the songs that they would like as part of the Dinner Music and Dance Music, and "Cwazy DJ" will accommodate the music and add his own choice of music to make the evening a successful night for the guests to talk about for years to come.
